

Brötje Schaumtechnik GMBH & CO. KG - ENVIRONMENTAL POLICY

The Brötje Schaumtechnik GMBH & CO. KG would like to help with the following guidelines for regional and global environmental protection. Here our environmental guidelines are to be understood as a rough declaration of intent that we want to convert to new specific environmental goals regularly. With compliance and continuous improvement of environmental policy we want to work together to protect our natural resources with Brötje.

Company guidelines for environment protection

- 1) We produce products that pollute the environment as little as possible in the production, use and disposal.
- 2) The prevention of waste has a high priority and is constantly monitored.
- 3) The use of the necessary energy electricity / gas / water occurs under high efficiency and is continuously reviewed by us.
- 4) Our field staff advise customers regarding Handling, use and disposal.
- 5) Environmental protection requires that all employees responsible Action.
- 6) We are committed to comply with applicable laws and other commitments and rely on a fruitful dialogue with authorities and regulatory agencies.
- 7) We will avoid the use of controversial materials.
- 8) We want environmental and social issues in our economies particular attention, as long as economic concerns permit.
- 9) We want our employees, neighbors, customers, suppliers and authorities face with an open information policy.
